CONTRACTOR PAGE

CARIBOU COUNTY BUILDING DEPARTMENT(208)547-1780 (208)390-0222

Please hand to contractor before beginning construction

The Permit holder, you are responsible to see that your contractor is aware of all inspections required and the proper inspection agency is notified at the proper time to prevent loss of time and creation of extra work. Your required inspections cannot be passed if not performed at the proper time. Your Certificate of Occupancy will not be available if required inspections are not performed at the proper time during construction.

The General Contractor, you are responsible to see the electrical, plumbing and HVAC contactors are state licensed. The proper state permits have been obtained and the proper inspections are performed by the proper state inspectors at the proper times. The inspections by the state inspectors are performed during the rough-in or framing inspection by the Building Department and before the final inspection. Your customer will not receive a Certificate of Occupancy if all inspections are not performed. All other Building Department inspections are your responsibility.

The Sub-Contractor, you are responsible to see the work you are performing is properly permitted and the proper inspections by the proper inspectors are performed at the proper time.
